

# Queenstown's Icon

Over 100 years old, the 'Lady of the Lake' continues to thrive! Head back in time with us by journeying across Lake Whakatipu on the TSS Earnslaw, the oldest twin screw steamer in the Southern Hemisphere. Immerse yourself in the boat's history, or simply head outside to enjoy a beverage on the front deck as you sail away from the hustle and bustle of Queenstown and towards the peaceful mountainside.

## TSS Earnslaw Historic Steamship Cruise

Take a 1.5 hour scenic cruise across Lake Whakatipu to Walter Peak on board our vintage coal-fired steamship, the TSS Earnslaw. Sit back and enjoy the treats from our licensed café and bar, watch the stokers at work down in the engine room, and listen to live music while taking in the surrounding mountain scenes.

**Departing from**  
Steamer Wharf,  
Beach St, Queenstown

**Allow up to**  
2 hrs
